

BRAC University
Department of Electrical & Electronic Engineering, BSRM School of Engineering

Tentative Elective Course Offering Plan for 2027 (According to trimester) (Green Filled indicates 'Course Offering')

Area	Year	Next Semester	2027		
	Semester	FALL 2026	Spring 27	Summer 27	Fall 27
Electronics	EEE 411/ECE 411: VLSI Design				
	EEE 413/ECE 413: Digital System Design				
	EEE 405/ECE 405: Optoelectronic Devices				
	EEE 415/ECE 415: Analog Integrated Circuit Design				
	EEE 403/ECE 403: Properties of Electronic Materials				
Power	EEE 421/ECE421: Power Electronics (For ECE Electronic Area Course)		1 Sec	1 Sec	1 Sec
	EEE 433: Power Systems II		1 Sec	1 Sec	1 Sec
	EEE 425: Switchgear and Protection		1 Sec		1 Sec
	EEE 431: High Voltage Engineering				
	EEE 435: Renewable Energy Systems		1 Sec	1 Sec	1 Sec
	EEE 439: Smart Grid		1 Sec	1 Sec	1 Sec
Communication and Network	EEE 441/ECE 441: Wireless and Mobile Communications				
	EEE 445/ECE 445: Digital Communications				
	EEE447/ECE 447: Satellite Communications				
	*EEE 465/ECE465: Computer Networks				
	EEE 361/ECE361: Data Communications				
Robotics and Intelligent System (EEE)/ Interdisciplinary & Emerging topics (ECE)	*EEE 385/ECE 385: Machine Learning				
	*EEE 472/ECE 472: Artificial Intelligence				
	*EEE 474/ECE 474: Neural Networks				
	*EEE 476/ECE 476: Image Processing				

Minimum number of students to offer an elective course is 25 students. Exception only for Communication & Network area

For a valid reason, students can apply for any elective courses outside the above list where minimum number of sign up students should be 25.

Sign up must be completed before 3 weeks of the mid-week.
